Subject: FW: Schiller Station NPDES Permit No 1473 - Minor Modification Request

Good afternoon Michael – I thought it prudent to follow up on the request below, to confirm it has been received. I recognize these are unprecedented times thus my choice to over communicate. Granite Shore Power remains focused on maintaining compliance with all its permits. The April 1, 2020 is a due date in the Schiller Station NPDES permit and thus my sense of urgency.

If there is something I can or should do to expedite this request, please let me know. And thank you again for your prompt consideration.

Thank you. Lynn.
